Experience

Vondern / Marketing & UX Intern

March 2025 – Present

- Redesigned the company website and assisted with app design, UX/UI improvements, and feature planning
- Developed tools and workflows, including an API for collecting business data, to streamline content creation and task management
- Introduced Slack and optimized internal communication, documentation, and productivity systems

BrickPixApp / Quality Assurance

September 2021 - present

- Collaborated in the development and testing of the BrickPix app, an innovative tool that enables users to create mosaics using Lego bricks.
- Contributed to app functionality, troubleshooting, and user experience improvements, ensuring smooth interaction for users of all ages.

Dictadroid / Quality Assurance

January 2020 - April 2020

- Assisted in the testing and ideation process for Dictadroid, an app that converts spoken words into accurate, real-time text transcription.
- Provided insights and suggestions for new features and improvements based on user feedback and testing results.
